INDEPENDENT AUDITORS' REPORT

Audit Committee Reliant Mission, Inc. Orlando, Florida

We have audited the accompanying financial statements of Reliant Mission, Inc. (an Ohio nonprofit corporation), which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Audit Committee Reliant Mission, Inc. Orlando, Florida

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Reliant Mission, Inc. as of December 31, 2020 and 2019, and the changes in its net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

December 31, 2020 and 2019

1. NATURE OF ORGANIZATION:

Reliant Mission, Inc. (the Organization) is an integrated auxiliary of Collegiate Church Network and was incorporated in 1990 as an Ohio not-for-profit corporation and is exempt from federal income tax on related activities under Section 501(c)(3) of the Internal Revenue Code (the Code) and comparable State law. The Organization is classified as a publicly supported organization, which is not a private foundation under Section 509(a)(1) of the Code, and contributions to it are tax deductible within the limitations prescribed by the Code.

The Organization is an evangelical Christian mission organization that trains, employs, and serves missionaries as they raise a team of supporters for their ministry. The Organization mobilizes these missionaries to then serve local churches through evangelism, discipleship, and church planting. Currently, the Organization employs almost 800 missionaries (both full-time and part-time) who work in more than 180 churches and ministries throughout 18 countries. Employees of the Organization must adhere to a statement of faith and standards of conduct.

The Organization provides missionaries with many services, including training them for the work of deputized fundraising, coaching, and follow-up conferences. From its Orlando, Florida office, the Organization oversees salary and payroll, benefits, employee evaluations, and reimbursements for ministry expenses, as well as providing a technical support system and donor care. Of each dollar contributed to the Organization for the years ended December 31, 2020 and 2019, 88.1% and 87.2%, respectively, goes toward missionary accounts and 11.9% and 12.8%, respectively, goes toward running the mobilization support system.

The Organization is governed by an independent board of directors that meets four times annually. As a non-denominational organization, there is no requirement for board members or the executive director of the Organization to be members in a Collegiate Church Network church.

The Organization accomplishes its mission and objectives through four primary activities as described below:

U.S. Ministries—accomplishes its U.S. ministries by employing missionaries to serve in three types of churches: campus churches, church plants, and other missional churches. These churches normally are unable to fully financially support the staff they need to fulfill the mission of the church. Campus churches, located on or near a college campus, primarily reach the student population, so local church tithes and offerings alone are not sufficient to fund the workers they need for the task of evangelism and discipleship. Church plants usually begin with few members and heavy start-up costs, necessitating the need for fully supported missionaries. Organization missionaries also work in missional churches where the demographic being reached is unable to support full-time staff. These churches act as missionary bodies, doing large amounts of outreach to groups such as young, urban adults or lower-income, minority communities.

Notes to Financial Statements

December 31, 2020 and 2019

1. NATURE OF ORGANIZATION, continued:

Ministry Team Development –accomplishes its ministry team development through the presentation of its ministry by individual missionaries. The ministry of the Organization is presented mainly to Christians who may have an interest in the type of ministry that the Organization is doing in the U.S. and overseas. In addition, ministry team development is accomplished by asking people to volunteer time in a local ministry or church that is served by the Organization, sharing what God is doing in the U.S. and overseas through the Organization, asking them to pray for the ministry of that individual missionary and other Organization-affiliated ministries, sharing the Word of God with them, asking them to support the ministry financially, challenging them to live for Jesus Christ, and corresponding with them through a monthly prayer letter.

Conferences and Events—accomplishes its conference ministry by administrating events for Collegiate Churches and other Organization-affiliated ministries, as well as multiple conferences for training its new missionaries and interns. These events include a variety of summer long leadership training programs for college students and an annual leadership conference for missionaries of the Organization and pastors in Collegiate churches, as well as established trainings for new missionaries and interns. The goal of these conferences and events is to build up believers and train them in character, leadership skills and fundraising while envisioning them with Jesus' Great Commission.

International Ministries—accomplishes its international ministries by employing missionaries to work overseas in international churches and church plants. In 2020, approximately 18 percent of the Organization's missionaries work internationally. The Organization partners with Great Commission Europe (GCE), Great Commission Latin America (GCLA), The Salt Network Global, C2C, The 100 UPG Cooperative, Connexxion Europe, and various U.S. churches, all which maintain their own distinct board of directors or elders for governance. International churches are not controlled by the Organization. The churches collect their own tithes and contributions and pay their own operating expenses. None of the revenues or expenses for these churches are recorded in these financial statements. However, the Organization does pay the salary, benefits, and ministry expenses of the missionaries assigned to the various international churches, and those expenses are recorded in the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The Organization maintains its accounts and prepares its financial statements on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

Notes to Financial Statements

December 31, 2020 and 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

USE OF ESTIMATES

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash, checking, and savings accounts, and highly liquid investments with maturity dates of less than three months. These accounts may, at times, exceed federally insured limits. The Organization has not experienced any losses in such accounts, and management believes it is not exposed to any significant credit risk on cash and cash equivalents. At December 31, 2020 and 2019, the Organization's cash balances exceeded federally insured limits by \$5,825,529 and \$4,240,439, respectively.

INVESTMENTS

Investments in equity securities with readily determinable fair values and all debt securities are recorded at fair value. Interest and dividend income and the realized and unrealized gain or loss on investments is reported as investment income (loss) without donor restrictions in the accompanying statements of activities unless a donor or law restricts its use. If quoted market prices are not available, fair values are based on quoted market prices of comparable instruments. Donated investments are recorded at the fair market value at the date of donation and are thereafter carried in conformity with the stated policy.

PROPERTY AND EQUIPMENT-NET

Items capitalized as property and equipment are stated at cost or, if donated, at market value on the date of donation. The Organization capitalizes all property and equipment expenditures greater than \$2,000. Expenditures for repairs and maintenance are charged to expense as incurred, and additions and improvements that significantly extend the lives of assets are capitalized at cost. Depreciation is computed using the straightline method over the estimated useful lives of the assets ranging from 3 to 10 years.

CLASSES OF NET ASSETS

The financial statements report amounts separately by class of net assets:

Net assets without donor restrictions are currently available at the discretion of the board for use in operations or designated by the board for specific use. Equity in property and equipment represents amounts invested in property and equipment net of accumulated depreciation and finance and operating lease right-of-use assets net of finance and operating lease liabilities.

Notes to Financial Statements

December 31, 2020 and 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

CLASSES OF NET ASSETS, continued:

Net assets with donor restrictions are stipulated by donors for specific operating purposes, with time restrictions, or not currently available for use until commitments regarding their use have been fulfilled. These include donor restrictions requiring the net assets to be held in perpetuity or for a specified term with investment return available for operations or other purposes. The disclosure requirements related to net assets to be held in perpetuity as prescribed by the *Endowment* topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) are not included due to immateriality.

SUPPORT AND REVENUE, RECLASSIFICATIONS, AND EXPENSES

Revenue is recognized when earned and contributions when cash, securities or other assets; an unconditional promise to give; or a notification of a beneficial interest is received. Conditional promises to give—that is, those with a measurable performance or other barrier and a right of return—are not recognized until the conditions on which they depend have been met. Refundable registration fees paid by attendees for conferences that will occur in the upcoming year have been reported as deferred revenue. Substantially all deferred revenue at December 31, 2020 and 2019 was recognized as revenue during the following year.

Gifts of cash and other assets are reported as support with donor restrictions if they are received with donor stipulations that limit the use of the donated amounts. When a stipulated time restriction ends or purpose restriction is satisfied, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as reclassifications.

The Organization reports donations of property and equipment as support without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash and other assets that must be used to acquire long-lived assets are reported as support with donor restrictions. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Donated goods (including securities, property, and equipment) are recorded at fair value at the date of the gift.

Notes to Financial Statements

December 31, 2020 and 2019

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

SUPPORT AND REVENUE, RECLASSIFICATIONS, AND EXPENSES, continued:

Expenses are recorded when costs are incurred in accordance with the accrual basis of accounting. The financial statements report certain categories of expenses that are attributable to one or more program or supporting functions of the Organization. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries and benefits, depreciation and other expenses and have been allocated based on the programmatic function of the employees affected by the expense. Missionaries released to assignment spend 10% of their time raising support, of which 25% is ministry team development and 75% is fundraising. Ministry project accounts are directly allocated to a program. A majority of full-time, supported missionaries are responsible for securing contributions to the Organization to cover an allocated share of fundraising expenses. A portion of missionaries members' compensation is included in fundraising expenses.

In connection with promotional mailings and other informational materials and activities, the Organization incurred joint costs of \$44,228 and \$53,753 for the years ended December 31, 2020 and 2019, respectively. Of those costs, \$22,675 and \$33,353 were allocated to general and administrative, and \$21,553 and \$20,400 were allocated to fundraising for the years ended December 31, 2020 and 2019, respectively.

COMPENSATED ABSENCES

For the years ended December 31, 2020 and 2019, an accrual for compensated absences for missionaries has not been made in these financial statements because the amount cannot be reasonably estimated.

3. <u>LIQUIDITY AND FUNDS AVAILABLE:</u>

The following reflects the Organization's financial assets as of December 31, 2020 and 2019, reduced by amounts not available for general expenditures within one year. Financial assets are considered unavailable when illiquid or not convertible to cash within one year. The Organization considers general expenditures to be all expenditures related to its ongoing activities of training, employing, and serving missionaries as they raise a team of supporters for their ministry as well as the conduct of services undertaken to support those activities to be general expenditures.

	December 31,			
	2020	2019		
Financial assets:

Financial assets available to meet cash needs for		
general expenditures within one year	\$ 12,697,945	\$ 10,123,320

As part of the Organization's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. Board designated reserves can be released upon resolution of the board and used for general expenditures. At December 31, 2020, the Organization has \$9,727,878 in net assets with donor restrictions for missionary and project support. These funds are considered available to meet needs for general expenditures as funds are used for their donor restricted purposes.

Years Ending December 31,	Amount	Amounts		
2021	\$ 12,8	316		
2022	6,4	198		
2023	3,0)85		
	22,3	399		
Less amount representing interest	5	36		
	\$ 22,9	935		

9. RELATED PARTIES:

During the years ended December 31, 2020 and 2019, the Organization engaged in certain activities with related parties as follows:

A member of the board of directors of the Organization is also a member of the board of directors of Great Commission Latin America (GCLA). In 2020 and 2019, the Organization made contributions of \$32,500 and \$35,700, respectively, to GCLA. The Organization received contributions of \$124,690 and \$139,270 from GCLA during 2020 and 2019, respectively.

In 2020 and 2019, the Organization made contributions and grant payments totaling \$55,779 and \$40,805, respectively, to Collegiate Church Network churches and ministries. The Organization also received contributions (representing church tithes and the Organization missionary support) from Collegiate Church Network churches and ministries totaling \$1,509,131 and \$1,444,422 during 2020 and 2019, respectively.

10. FAIR VALUE MEASUREMENTS:

The Fair Value Measurements and Disclosure topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Organization uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, The Organization measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. The following tables present the fair value measurements of assets and liabilities recognized in the accompanying statements of financial position measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2020 and 2019:

Methods and assumptions used by the Organization in estimating fair values are as follows:

Mutual funds, equity securities and exchange traded funds—The fair values of these financial instruments are based on quoted market prices or dealer quotes.

Certificates of deposit—The fair values of these financial instruments are determined by the custodians of the securities using pricing models based on credit quality, time to maturity, stated interest rates, and market-rate assumptions, and are classified within Level 2.

Change in valuation techniques – None.

Notes to Financial Statements

December 31, 2020 and 2019

11. RISKS AND UNCERTAINTIES:

In March 2020, the World Health Organization declared the outbreak of the coronavirus (COVID-19) as a pandemic which continues to spread throughout the United States. COVID-19 has caused a severe negative impact on the world economy and has contributed to significant declines and volatility in financial markets. The duration and impact of the COVID-19 pandemic, as well as the effectiveness of government and central bank responses, remains unclear at this time. It is not possible to reliably estimate the duration and severity of these consequences, as well as their impact on the financial position and results of the Organization for future periods. Management is carefully monitoring the situation and evaluating its options as circumstances evolve.

12. <u>SUBSEQUENT EVENTS:</u>

Subsequent events have been evaluated through May 3, 2021, which represents the date the financial statements were available to be issued. Subsequent events after that date have not been evaluated.
